Profile Summary

I'm a final year student with a strong foundation in Full Stack Development. While excelling academically, I have also built a successful freelancing career on Fiverr, delivering high-quality web solutions with full customer satisfaction. With both local and international certifications, I continuously enhance my technical skills. A fast learner and committed professional, I am eager to apply my knowledge in a dynamic environment, consistently delivering high-quality results and fostering innovation.

Work Experience

Fiverr
Full Stack Developer
Remote
January 2023 - Present

Designed and developed 8+ successful full-stack projects including portfolios, landing pages, and API development with 100% client satisfaction. Translated client ideas into responsive UI/UX and managed the full development lifecycle with clear communication and timely delivery.
